

WILO PUMP – VARIABLE SPEED

WILO PARA 25/7-50/SC - 130 [High Efficiency]

Product Number : HC1202

Glandless circulation pump with a cast iron pump housing and threaded connection. EC motor with automatic power adjustment and self-protecting modes.

Temperature range [@A62°C]	0°C – 90°C
Max. ambient temperature	70°C
Max. pressure [bar]	10
Max. volume flow	3.5 m ³ /h
Housing	Cast iron
Connection	G1½"
Overall length [mm]	130
Weight [kg]	1.9
Mains connection	1~ 230V 50 Hz
Warranty [months]	12
Unions Included	yes
Self Controlled Pump	Δp-v, Δp-c, constant speed I, II, III
